

Drive and stirring technology for

CHEMICALS | FOOD | PHARMA | COSMETICS | AUTOMATION

Stirring stations

Control panel with safe two-hand operation

Agitator with ATEX zone separation flange
Ex II 1/2 G Ex h IIC T6 Ga/Gb X
Ex II 1/2 D Ex h IIIC T85°C Da/Db X

Container detection with automatic switch-off for agitator

Mounting options for suction lances, probes, temperature sensors etc.

Stainless-steel cap with inspection flap and safety grid

Movable with ESD-castors optional

eco-Station	Lifting height	Drum type	A	B	C
eco-Station 30	500	20-60l	440	1335	600
eco-Station 200	1000	100-200l	700	2344	800
eco-Station IBC	1200	600-1200l	1200	1600	2600

All dimensions in mm.
